# ALMA MATER

## Muhlenberg

Just six short years we've spent with you;  
And now 'tis time to say adieu  
To this grand school to which we owe  
The knowledge, friendships, joys we know.

Though each one goes his separate way  
To you we shall return some day —  
Oh yes, though we be far from thee,  
We shall return in memory.

Then once more shall we walk your halls  
And meet old friends within your walls;  
We'll hear your bell and climb your stairs —  
So full of joys, so free from cares.

# Class History

Class of '39 which now totals 94, numbered 214 when it entered Muhlenberg in 1933. In eighth grade the number had dwindled to 187, in ninth grade to 152, in tenth grade to 121, and in eleventh grade to 96.

In addition to being the largest class which has ever graduated, it is one of the most active. It is the first group to present the same class play two nights. By contributing money raised by the group by means of its dance and play, the class made it possible for the senior issue of the *Observer* to be published in the form of a yearbook. In general the group has been prominent in its senior high school years in athletics, music and dramatics as well as its regular class work.

While in seventh grade many of the members lent their musical ability to the operetta, "Lantern Land," in ninth grade to "Dawn Boy," and in twelfth grade to "The Mikado."

Irene Dietrich and Scott Kieffer received the American Legion awards in eighth grade.

Throughout the high school years small groups of the class held Hallowe'en parties, doggie roasts, skating and sledding parties and the like. The different sections also presented assembly programs and participated in school programs. In eleventh grade Marguerite Ilg and Scott Kieffer were the bride and groom in the annual fashion show.

With Herbert Derr as president of the group, the class held a successful dance in April of its junior year and a doggie roast in June as a climax to its eleventh year of school.

Five members of the class were elected to the National Honor Society in their junior year and five more were added in their senior year. One member of the class participated in varsity debating, eleven in varsity basketball, four in soccer, seven in track, four in baseball, four in cheerleading, three in tennis, one in swimming, five in band, five in orchestra, and eight had places on the *Observer* staff. During the last year six seniors also took part in the Girl Reserve play, "Look Who's Here" and four in the Easter production, "The Rock" by the Little Theatre Club.

During its senior year Calvin Fisher piloted the group. The class produced the play, "Aaron Slick From Punkin Crick," Thursday and Saturday, November 17 and 19. After long months of hard work they finally attained their high school ambition — a yearbook.

White rose was selected as the class flower, while "He who toils gains the spoils" was chosen as the class motto.

In addition they visited the Berks County courts in April, went up the Hudson on an annual class trip, and climaxed their social activities with their senior prom, Friday, May 26.

### Earl Loch

Academic; Art Club 12.

Earl's favorite school pastime lies in attempting to amuse his classmates by continual joking. He does succeed at times even though he must resort to some rather antiquated witticism. He also likes outdoor activities and spends some time training dogs to do tricks.

After graduation Loch hopes to enter the field of electrical engineering.

*"Loch" '39*

### Lawrence Botch

Commercial.

"Lolly" is the best known of this lad's many nicknames. To him goes the distinction of being the shortest member of the graduating class. Play goers will remember him as Jimmy the butcher's boy in the Girl Reserve production this past winter.

After completing his high school work, Lawrence intends to further his commercial knowledge by pursuing a business course. May success and good fortune be yours, Lolly!

*"Botch"*

### William Loehrig

Industrial; Stage Club 12.

Willie is a rather quiet senior. He enjoys traveling and spends a good bit of his spare time with a group of pals touring the country by automobile.

My, oh my, can "Windy" talk! Talking is one of his favorite pastimes, he declares, and he likes to indulge in it at any time. "Fat" likes to hunt and fish too, and every winter takes a hunting trip, thus far bringing home something whenever he has gone hunting.

To be a truck driver or mechanical engineer are his ambitions, so chug, chug on to success, Paul!

*"Windy"*

**Edwin Schwambach**

Industrial.

"Schwagie" is a vigorous lad, being ever on the move. Activity in athletics occupies much of his leisure time. Baseball is his favorite sport. Ed was a member of the Muhl mile relay team which took a third place at the Penn Relays last year. He also participates in softball and basketball.

Ed would like to work in a steel foundry after leaving school. Good luck in all that you undertake, Ed!

**Melvin Oyler**

Commercial.

Melvin should be quite professional, at riding a bicycle, since living at Blandon he had to peddle to and from school each day for three years.

This rather quiet lad enjoys swimming, and builds model airplanes in his spare time.

Melvin is undecided as to what he will do after graduation, but whatever task you may undertake, Melvin, may you have much luck and success.

Calvin intends to go to college after graduation and become a certified public accountant.

**John Carley**

Commercial; Chorus 12; Track 11, 12; Hall Patrol 12.

John is an extremely quiet young lad. He takes his sports seriously, listing softball, table tennis and roller skating high among his favorite hobbies. He threw the discus and ran in the dashes for the local cinder squad.

He has made no final decision as to what he wants to do after leaving school, but whatever he may decide upon, the class wishes him luck and success.

### James Cliff

Industrial; Table Tennis Club 12;  
Hall Patrol 12.

"Not so much noise in the halls!" is one of the frequent expressions of Jimmy, for he is student director of the Muhlenberg hall patrol. He has also been a stage hand and held down a place on the Muhlenberg tennis team during both his junior and senior years.

"Cliff" is rather undecided about his future, but he would like to work in Miami on his uncle's fishing boat.

### Joe Shirey

Academic; Chorus 12.

Joe is a tall, handsome lad in the class who rates buying automobiles as his number-one hobby, and can be seen driving to school every day with a group of boys in his roadster. There are no girls with Joe, for he declares he is uninterested in girls!

Joe works at a gas station in Hyde Villa, but he is undecided as to what he will do in the future.

Good luck, Joe, in whatever you may undertake!

### Frederick Loehrig

Commercial; Soccer 11, 12.

Freddie is that tall, brown-haired lad who is rather quiet and likes to tease the girls.

Fred has served as secretary to W. B. Johnson, shop instructor, and played on the soccer team during his senior year. He likes all sports, especially hunting.

Scott intends to enter the navy if he cannot find any other work after graduation.

Lots of good luck, Scotty!

### Richard Good

Academic.

Dick is one of the more studious members of the class, but he finds plenty of time for recreation. In his spare time he enjoys sojourns with Mother Nature and is quite adept at target shooting.

Goody intends to further his education after he leaves Muhlenberg to plan for entrance in the engineering field.

### Sydney Reber

Commercial; Chorus 12; O. G. A. Club 12;  
Hall Patrol 12.

This tall lad was employed at the Temple bank in his senior year and served as secretary to J. B. Shaner, Jr., shop instructor, in his senior year.

Syd is seen quite frequently with a scholarly miss of the academic section and states that his hobbies are bicycle riding and making model airplanes.

Syd intends to work in some office after graduation.

### Wayne Rothenberger

Industrial; Basketball 12; Hall Patrol 12.

"Bud" is definitely fond of mechanics. He may be found during many of his leisure moments "tinkering" with machines, particularly automobiles. In his final year Wayne held the position of manager of the basketball squad.

Upon being graduated from Muhlenberg, he will seek a job in a textile machine shop. The class wishes that success, happiness and all the other good things of life be yours, Wayne!

### Frederick Rubright

Academic.

"Joe" has shown quite excellent ability in swimming, as he ranked first in several of the meets which were recently held. This sport he claims is his hobby.

After graduation he intends to become an undertaker.

### Samuel Fox

Orchestra 10, 12; Typing Club 12.

One of Muhlenberg's first-class jitterbugs is Beadle. Dancing and playing the drums are his favorite pastimes. Of course, then too, there's the opposite sex with whom he likes to spend much of his time.

Earl has no idea what he wishes to be after he graduates, but in whatever you undertake the class wishes you the best of luck, Earl!

### Harry Rothenberger

Industrial.

Harry is rather quiet but spends a good deal of his school time combating the good-natured joshing of the tireless 12C boys. When not in school he is kept occupied by work on his father's farm.

Although Harry is undecided as to aims for the future, the class hopes he will be successful after he makes his decision.
